NUMBER 35.

## GEN. AGUINALDO.

He Retreated Into Ecilla Province Two Weeks Ago—Spanish Prisoners.

They Are Beyond American Successor This Season Unless a Filipino Surrender Takes Place Soon—Five American Prisoners at San Miguel.

NEW YORK, May 16.—A dispatch to the Herald from San Miguel via Manila says: "It is said that Aguinaldo has fled into the province of Nueva Ecilla. On April 29 he retreated by carriage from Balanga through San Isidro and nothing has been heard from him in two weeks since."

The 5,000 Spanish prisoners who are reported to be held by the insurgents have been carried into a northern province and scattered along small garrisons. They are beyond American success this season unless a Filipino surrender takes place within three weeks.

Five American prisoners were carried through this town last week. Their names are unknown.

SAN MIGUEL, May 14 (via Manila, May 16).—The insurgent general, Gregorio del Pilar, believes that he has been deserted by the Filipino government and desires to surrender if he can secure what he regards as honorable terms from the Americans.

LONDON, May 16.—The following dispatch has been received by Lloyd's from Manila:

"Owing to the orders of the revolutionists all English employees have been forced to leave the rice mills and come here. Native employees will be left at the mills. A protest has been filed with the British consul."

## WOMAN'S PEACE ASSEMBLY.

They Pass Resolutions Which Seek to Give Moral Support to the Peace Commission at The Hague.

DETROIT, May 16.—Detroit women held a peace assembly Monday and adopted the resolutions sent out by the National Women's Peace Association, which sought to give moral support to the peace commission to assemble at The Hague this week. The meeting also sent a cablegram to the commissioners:

"Verdes Comite, Hague, Detroit resolutions passed; 6,000 represented."

## PEACE PROSPECTS BRIGHT.

A Satisfactory Conclusion of Hostilities in the Philippines Expected by the Administration Officials.

WASHINGTON, May 16.—A satisfactory conclusion is expected by administration officials from the conference which will be held by the American Philippine commission with the commission which Aguinaldo proposes to send to Manila.

A dispatch to the war department Monday from Gen. Otis announced that Aguinaldo had sent a messenger to him expressing a wish to send the commission "to arrange terms of peace." The administration officials express the opinion that this commission will submit to President Schurman and his associates the answer of Aguinaldo to the propositions made by the American commission to Col. Arguelles, Aguinaldo's emissary, regarding the character of government which would be given to the Filipinos and which Arguelles declared was satisfactory.

It is probably apparent to the Filipinos that there is nothing to be gained by conducting negotiations for the purpose of obtaining a temporary cessation of hostilities. Gen. Otis will not grant an armistice, as he has shown, that he does not propose to stop fighting, no matter how many peace emissaries Aguinaldo may send to Manila, unless they agree to unconditional surrender.

In his dispatch Gen. Otis shows, despite the fact that Aguinaldo states his purpose to send a commission to arrange peace, he is making preparations to continue military operations. It is evident to the officials from this dispatch that Gen. Otis has found it necessary to change his plans. He has been making preparations to attack Bacolor, where 9,000 insurgents are believed to be encamped, and it is presumed that the movements reported Monday still have that point as the objective. Gen. Lawton is making excellent progress in his northward march, and the dispatch of Maj. Kobb with 1,500 men up the Rio Grande, supported by gunboats and canoes is for the purpose of attacking Bacolor.

Lawton's march is contemplated by the MacArthur to remain at the Grande, between the insurgents in Bacolor and those at Mexico, and

good day of it.

## Charged With Forgery.

BOWLING GREEN, Ky., May 16.—A young man, aged 21, named May, was arrested at Rockfield Friday charged with forgery. It is alleged that he obtained the names of two parties and wrote an order from one to the other. The forgery was discovered and the money was not paid.

## On the Way to Apia.

LEXINGTON, Ky., May 16.—In response to a cablegram from Auckland, New Zealand, James H. Mulligan, former United States general to Samoa, left Saturday for Apia, where he will appear before the joint high commission of the powers to represent the interests of planters and business men of the island.

A Set of China Dishes.

VERSAILLES, Ky., May 16.—A set of China dishes which was on Dewey's flag ship Olympia during the battle at Manila, May 1, 1898, was received here by Mrs. Edward Hensley. It was purchased as a gift for her at Hong Kong by her daughter, and Adm. Dewey was to deliver it. The war prevented the delivery until the present.

## The Mayor's Salary Attached.

LEXINGTON, Ky., May 16.—An attachment suit has been filed against Mayor Simmell by Prof. A. H. Gordon, of Alleghen academy, this county, for \$163.33, and he prays that the mayor's salary be not paid over to him until the judgment is satisfied.

## Murder and Suicide.

SPRINGFIELD, Ky., May 16.—News just reached here that Sam Mattingly, of Brush Grove, this county, shot and fatally wounded his wife and then killed himself. Jealousy is supposed to be the cause.

## State Auditor Stone Was Relieved.

LEXINGTON, Ky., May 16.—State Auditor Sam Stone was in Lexington Sunday morning. He was interrogated as to his intentions with reference to the announcement that he will soon become a candidate for the republican gubernatorial nomination. He was very reticent, however, and left the impression that he was in no hurry to shy his castor into the ring.

Bon. Albert Hawes Clark Dead.

HOPKINSVILLE, Ky., May 16.—Hon. Albert Hawes Clark, distinguished lawyer and politician, died Wednesday night of consumption, aged 56. He was one of the "Immortal 300" delegates, who voted every ballot for Grant's nomination for third term in the national convention in 1880.

## Two Drowned.

HOPKINSVILLE, Ky., May 16.—Peter Bronaugh, one of the best known colored Baptist preachers in this region, and his little grandson, were swept from their buggy and drowned while attempting to ford a swollen stream within the city limits.

"GO WEST, YOUNG MAN, AND GROW UP WITH THE COUNTRY."

## A WOMAN'S HORRIBLE DEED.

Winnie Roach and Her Husband Charged With Brutally Burning Their Four Little Children Nearly to Death.

ATLANTA, Ga., May 16.—Winnie Roach, a mulatto woman, and her husband, are charged with brutally burning their four little children nearly to death by igniting paper saturated with kerosene, with which their bodies had been wrapped. The man, Lawrence Roach, ran away during the afternoon when he heard that his treatment of the children had been reported to the police. The woman was in the act of applying more fire to one of the children when a crowd broke in. The police were summoned as a lynching was feared.

The woman and the children were taken to the station. One of the children had all the flesh burned from her legs in several places and will probably die. The other three are all badly burned.

Kobbe is to take a station so as to prevent them from crossing the Rio Grande. MacArthur is also needed at his present point to protect communication with Manila.

## PEACE CONFERENCE PLANS.

A Great Court at Which All Nations May Plead—Grand Tribunal for the Whole World.

THE HAGUE, May 16.—About half the delegates to the peace conference have arrived at The Hague. No reports of the meeting will be allowed in Russia newspapers. The first session of the meeting will be held on Wednesday at 3 p.m. On Friday groups will be appointed to study the different questions before the conference. Adjournment will then be taken until the Tuesday following. It is said that Seth Low will be a member of the committee to discuss arbitration, to which question the delegates will devote themselves chiefly.

## Has No Assets.

OWENSBORO, Ky., May 16.—James L. Butler, of Morgantown, filed a petition in bankruptcy Wednesday, with \$31,358 liabilities and no assets.

## Gunn is a Candidate.

LEXINGTON, Ky., May 16.—John T. Gunn, of this city, has announced his candidacy for department commander of the G. A. R. in Kentucky.

## STATE ITEMS OF INTEREST.

### GIGANTIC SCHEME ON FOOT.

Vast Timber and Mineral Lands to Be Brought Up by a Syndicate in West Virginia and Eastern Tennessee.

MIDDLEBOROUGH, Ky., May 16.—A gigantic scheme appears to be on foot to buy up the vast timber and mineral lands throughout Western Virginia and Eastern Tennessee, and to build railroads to all principle points to open them up to trade. It is said there are millions of dollars interested in the project. There are thousands of acres of the richest lands in the world lying idle in this section because of the lack of railroad facilities. The Virginia Coal and Iron Co. is ostensibly at the head of the scheme to monopolize this land, but it is believed that northern and English capitalists are backing the company.

Groom of a Work Killed.

WILLIAMSTOWN, Ky., May 16.—

Williams was accidentally killed by the discharge of a shotgun in his own hands. He was loading the gun preparatory to going hunting, when a gun went off. He was married 1 week to Miss Edna May Castlem. Just one year ago his bride's father was thrown from a horse at this place and died in a few hours from his injuries.

Bonchon Won the Race.

LOUISVILLE, May 16.—Souchon pro-

duced an easy winner in the Madeleine stakes for three-year-old fillies Wednesday afternoon. Turner rode ap-

ten race on the Himyar filly, getting away with her nicely, he her in third place till the stretch was reached, when he came on with and won in a gallop. The talent had a

good day of it.

Charged With Forgery.

BOWLING GREEN, Ky., May 16.—

A young man, aged 21, named May, was arrested at Rockfield Friday charged with forgery. It is alleged that he obtained the names of two parties and wrote an order from one to the other. The forgery was discovered and the money was not paid.

On the Way to Apia.

sponse to a cablegram from Auckland,

mer United States general to Samoa,

left Saturday for Apia, where he will

appear before the joint high commis-

sion of the powers to represent the

To Prevent Lynchings.

CALHOUN, Ky., May 16.—Julier Riles

became alarmed Thursday night over

the prospect of a mob appearing to

hang Bryant: Taylor, who got a

ten-year term in the penitentiary for

the murder of Joe Logsdon at Owensboro,

and took him from the jail shortly

after dark and handed him to him-

self. He took him to a barn in the

Long Falls flats, two miles from town,

and kept him all night. They got

back to jail about daylight. There

was no sign of a mob, however.

Death of Dr. W. B. Rodman.

FRANKFORT, Ky., May 16.—Dr. Wm. B. Rodman, aged 55 years, a member of the well-known family of that name, died at his home in this city after a short illness of Bright's disease. Dr. Rodman was a son of the late Dr. Hugh Rodman, and a brother of Lieut. Hugh Rodman, of the Raleigh, United States navy, and of Mrs. Walter Wright, wife of Maj. Wright, of the United States army. The remains will be interred in the state cemetery here.

ville day, and a cordial invitation will

be extended to the Commercial club of

that city as well as all other citizens;

Quarreled Over a Fence.

ALBANY, Ky., May 16.—In a quarrel

which grew out of the tearing down

of some fences, Ann Eileen Denny shot

and seriously wounded her cousin, Parker Marean.

Jones for President.

LOUISVILLE, Ky., May 16.—The tenth

annual convention of the National

Travelers' Protective association began

here Tuesday morning. About 300

delegates are present but the num-

ber of visitors are estimated at 2,000.

Sam J. Jones, of Louisville, is tipped

for president as a hard fight is being

made for him.

Divorced Couple Remarried.

CAMPBELL, Ky., May 16.—Mr. R. D.

Rose, Jr., and Miss Rosa Belle Swango,

of near this place, eloped to parts un-

known. Miss Swango was Mr. Rose's

former wife, she having secured a di-

vorce from him at the last term of the

Wolfe circuit court.

Since Gen. Taylor yielded State  
Auditor Sam Stone has hung a  
monkey wrench on the safety valve  
of the pressure.

All of Mr. Goebel's hopes lie in  
his opportunity to escape with the  
mittens while the rest of the can-  
didates are throwing snowballs.

Andrew Carnegie says that it is  
a shame to die rich, and Russell  
Sage says that it is a disgrace to die  
poor. The millionaires are having  
trouble to locate death's shining  
mark.

This is a composition written by  
a Bolivar, Tenn., school boy, and it  
is certainly a peach.

"A poor young man fell in love  
with rich lady's daughter who kept  
a candy shop. The poor young  
man could not marry the rich candy  
lady's daughter because he had not  
enough money to buy any furniture.  
A wicked man offered him  
\$25 if he would become a drunkard.  
The young man wanted the money  
very much so he could marry the  
rich candy lady's daughter, but  
when he got to the saloon he turned  
to the wicked and said: 'I will  
not become a drunkard even for  
great riches. Get thee behind me,  
Satan.' On his way home he  
found a pocket-book containing a  
million dollars in gold, then  
the lady consented to marry  
him. They had a beautiful wedding  
the next day had two children  
and the virtue has its own reward."

It has been a dispute for  
years as to whether the  
states had the right to  
cense for persons selling  
in the market.

The judgment of the Harrison  
Circuit Court in the case of George  
H. Crosdale against the city of  
Cynthiana, upholding the validity  
of a city ordinance requiring ped-  
dlers and persons soliciting orders  
for future delivery to pay license,  
was affirmed in the Court of Ap-  
peals in an opinion by Judge Pay-  
nter. Crosdale sued the city for  
damages for wrongful arrest, he  
having been fined for doing so  
without a license."

Our town Board should look in-  
to this matter and if they have no  
ordinance for such sh'd make one.  
Parties coming in the town and  
making house to house canvass  
should pay a license. Our mer-  
chants should be protected.

## THE FIGURES 1899.

If we add together the figures  
contained in 1899 we find they  
make 27, and these added give us 9.  
Subtract the first two figures, 18,  
from 99, and we have 81, which ad-  
ded make 9, and the letters com-  
prising the words eightyone are  
nine. Add the first two figures, 18,  
to 99, and we have 117; these fig-  
ures, when added, again give us 9.  
If we add all the principal numbers  
thus far mentioned, viz., 1899, 18,  
81, 117 and 27, the sum is 2,142,  
and these figures added give us 9.  
If we subtract 27 from 117 we have  
90, which divided by 10 again give  
us 9. By subtracting 117 from 1899  
the remainder is 1782; these figures,  
when added, give us 18, and these  
two when added give us 9, and if  
added produce 9. If we add 90 and  
1782, principal numbers not includ-  
ed in first addition, to 2142, obtain-  
ed above, we have 4014, and these  
figures, when added, again produce  
9. Now, if we add the figures 1899  
to the last sum we have 6913, and  
these added produce 18, which  
again being added the result is 9.

## Land, Stock, Crop

Damp stables cause rheumatism.

Horses have small stomachs, so  
they should not be fed too much at  
a time.

T. Cole Gulley bought 20 year-  
ling steers at Stanford court for  
\$21. per head.

Better prices are to be paid farm-  
ers by canneries for their vegeta-  
bles this year. With a favorable  
growing season canning crops will  
be profitable.

A small flock of guineas is a  
good thing to have on a farm.  
Hawks and crows are frightened  
away by them, and the presence  
of night prowlers will be revealed  
by their alarm.

The promoters of the Lexington  
Fair propose to have a show ring  
to decide which breed of cattle—An-  
gus, Hereford or Short Horn—is  
best. Large prizes will be offered,  
and the show will be of national  
importance to cattle breeders.

The farmer who feeds his stock  
at regular hours, and just what the  
animal will eat up clean, will get  
more pounds to the bushel than  
the careless feeder who uses no  
system. Work animals are generally  
fed regularly, whereas of circum-  
stances, but other stock, hogs  
especially, are apt to be fed by  
many farmers somewhat irregularly  
when the farmer takes a notion to  
go to the hog pen.

Allen Prewitt, a farmer living  
near Mt. Sterling, lost seven out of  
eight of the horses on his farm  
within one week from a disease sim-  
ilar to spinal meningitis. The  
horses died within a few hours  
after symptoms were no-  
ticed. Prewitt's daughter,  
living in the same county, drove  
to her brother's place, and  
was stricken with  
disease. She died. Harrods-

ville, Ky., is the scene of a Missouri  
trial on the secret of raising "gin-  
seng." It may cause some uneasiness  
in the mountainous countries of  
Kentucky and Tennessee. China  
has an unlimited demand for the  
ginseng root, and because of its  
scarcity pays the handsome price of  
\$2.50 for a single pound of it.

Heretofore the market has been  
supplied from sections where the  
herb grows wild. Repeated at-  
tempts to cultivate it have proved  
failures. Spencer Brown, a farmer  
in Texas county, Mo., is cultivating  
an acre of ginseng. It matures  
in six years. From the product of  
that acre he expects to realize the  
modest sum of \$29,000. He will  
limit the product so as to keep the  
price up. Mr. Brown says that gin-  
seng flourishes in rich limestone  
soil, shaded from the sun. It re-  
quires eighteen months to germinates,  
and six years for full growth.  
He is making no secret of the  
discovery.

"Struck what?" replied Mrs. Taylor. "An old camp ground, don't you see the money?" replied Tom. Back to the garden he went whistling "Sweet Marie." The man or woman who would attempt to rob another woman of her good name deserves the severest rebuke and criticism from every decent woman in the land. In Indiana and Ohio, lately, several women have been vigorously prosecuted and in one instance, we now recall, put in jail for circulating slanderous reports concerning another. Mt. Vernon might well profit by such action, as the venom tongue of slander seems to wag with unnecessary vigilance. There are several cess-pools in this town where the poisonous arrows of infamy have their origin; where their greatest delight is to tear down the character of some good, virtuous woman, or tell a malicious lie on some family to destroy the peace and happiness of that home. The Church and society both demand that such tattlers, mischief makers, destroyers of women's characters and homes should be driven from society and both men and women who love the truth; who want justice done to all; who respect virtue and womanhood should absolutely refuse, and let them know why they refuse, to associate with such slimy tongues.

If an evil report gains circulation touching the character of another, every mother, every daughter, every father and son should assist in tracing it to its origin and then punish the guilty and ostracize them, as they should be, and you will thereby protect your own homes from such untruthful and malicious reports.

The service of the Nickel Plate Road to New York City and Boston is a demonstration of success. The demands of the traveling public are met by providing three post haste express trains in each direction. These trains are composed of modern class day coaches, elegant vestibule cars between Chicago, Indianapolis, Boston, and unexcelled dining cars through trains between New York and Boston. The uniform charge of day coaches is 25 cents. Played at the diagonal of the road, it is a safe and comfortable way to travel. The Nickel Plate road.

**500,000 FAMILIES  
RELY ON PE-RU-NA.**

Mr. W. H. B. Williams, Columbus, O., W. H. B. Williams, publisher of The Farmers' Industrial Union, in a recent letter to Dr. Hartman says: "I have used Pe-ru-na as a family medicine for several years. I find it of especial use for myself. I have had several tedious spells with systematic catarrh and before using Pe-ru-na I tried several other remedies with little or no success. But in Pe-ru-na I found a prompt and sure cure. I always keep the remedy which promptly relieves any attack of the same malady."

"My wife also uses Pe-ru-na. She finds it of especial use for several spells, to which she is subject. We always keep it in the house as a family medicine. We think it an excellent remedy for the various ills to which children are subject, especially eliminative diseases. Address Dr. Hartman, Columbus, Ohio, for a free book on family medicine."

**SITUATION IN CUBA GRAVE.**

The Plan of Distribution of the \$3,000,000 Among All Cuban Troop Causes Much Disappointment.

HAVANA, May 16.—Gen. Maximo Gomez informed Gov. Gen. Brooke Monday that he must withdraw from the plan for distributing the \$3,000,000 appropriated to the payment of the Cuban troops to the extent that he will not name other commissioners to replace those originally named by him, who have refused to serve. Gen. Brooke is to go ahead with a new plan, Gomez remaining in an attitude of friendly inactivity.

Gen. Brooke will issue an order for Cuban privates and non-commissioned officers to meet at specified places on specified dates to receive payment. They are to be accompanied by their company officers for the purpose of identification. Both Gen. Gomez and the governor general feel that the privates ought not to lose their share in the American gratuity merely because the schemes of certain high officers in the Cuban army have interposed obstacles.

The belief among the Americans is that the company officers will assist in this way. Gen. Brooke's order will be disseminated through the newspapers, placed in the post offices and given the widest circulation practicable.

WASHINGTON, May 16.—High officials in the war department were reluctant to discuss the Cuban situation Monday afternoon. The Press dispatch was read with interest, but it did not cause much surprise among army officers who are well informed about the Cubans, especially those who are known as "soldiers of fortune," and who have been bitterly disappointed because the island was not turned over to them immediately after the Spanish surrender. There is an impression also that the intention of Gen. Brooke to see that the \$3,000,000 are distributed among all the Cuban troops has caused disappointment among the many "generals" and other high officers, who were evidently expecting to secure a large share of the money.

The belief was expressed that the situation in Cuba is serious and that careful and diplomatic management will be needed.

It was stated that no orders would be issued to Gen. Brooke, as he had ample authority to deal with any situation which might arise. There is a belief that Gen. Gomez will be held responsible for the delay in the payment.

At 10 o'clock Monday morning Capt. Barker, and made a demand that they were violent, and a revolver. The men returned soon and made similar threats.

The Cuban police were ordered to arrest the malecontents and a general street fight following, in which one laborer was killed and several persons wounded, including three of the police force.

The Cuban populace became very insulting and threatened revenge, an outbreak was expected and the 2d United States Infantry regiment was ordered into the city. The troops were patrolling the town Monday evening.

The Cubans are well armed and about an hour ago firing was heard near the custom house, although this was probably only harmless mischief, as the 2d infantry patrol, on investigating the locality, found no one who could be made responsible.

**GENERAL ANTI-TRUST LAW.**
